

M/Y Askari

7 days in the Tuamotu Atolls

Rangiroa

Tikehau

Arutua

Apataki

Aratika

Kaukura

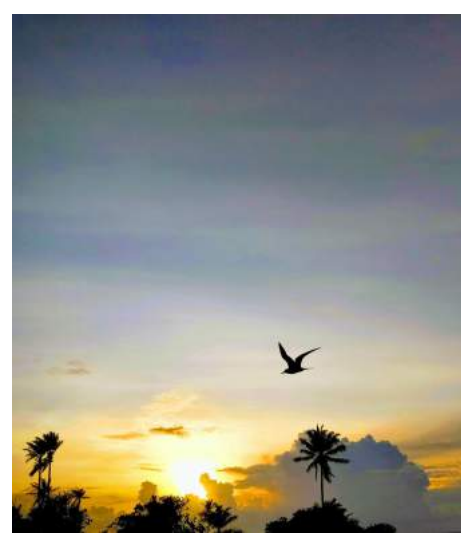

Toau

Kauehi

Tuamotu Atolls

Fakarava

Raraka

Day 1: Pick up guests from Fakarava Airport and head to the south pass. Guests can enjoy a refresher dive or a snorkel in the aquarium before sunset.

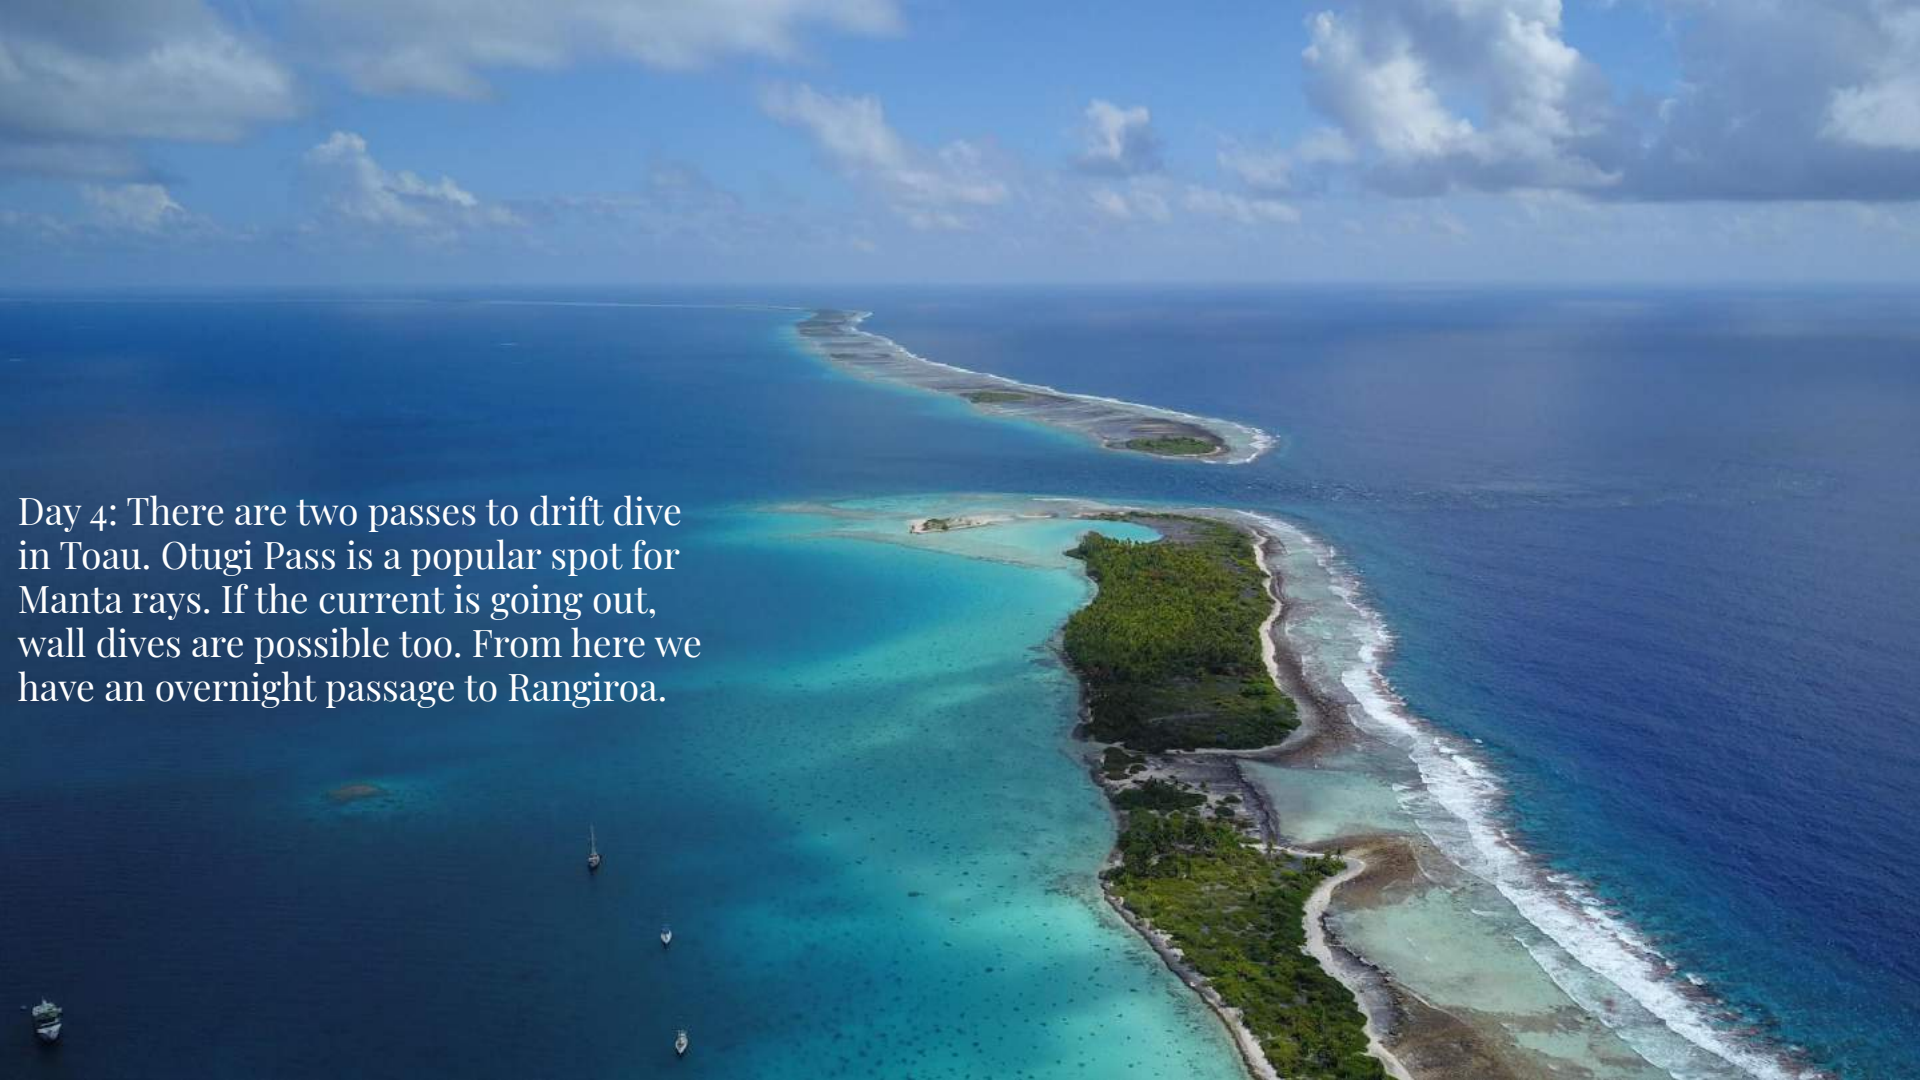

Day 2: After breakfast, depending on the current, divers can head out for an incoming drift dive or a wall dive on the outside of the pass. Non divers can do a drift snorkel starting at the aquarium.

Lunch onboard followed by a trip to a pink sand motu to relax and explore for the afternoon.

Day 3: An early departure for Fakarava Village. It is possible to hire electric bikes to cycle up the coast , stopping at a pearl farm, or a swim along the way. After lunch onboard, we depart for Toau, dropping anchor just off Coconut Crab Motu that must be explored after dark.

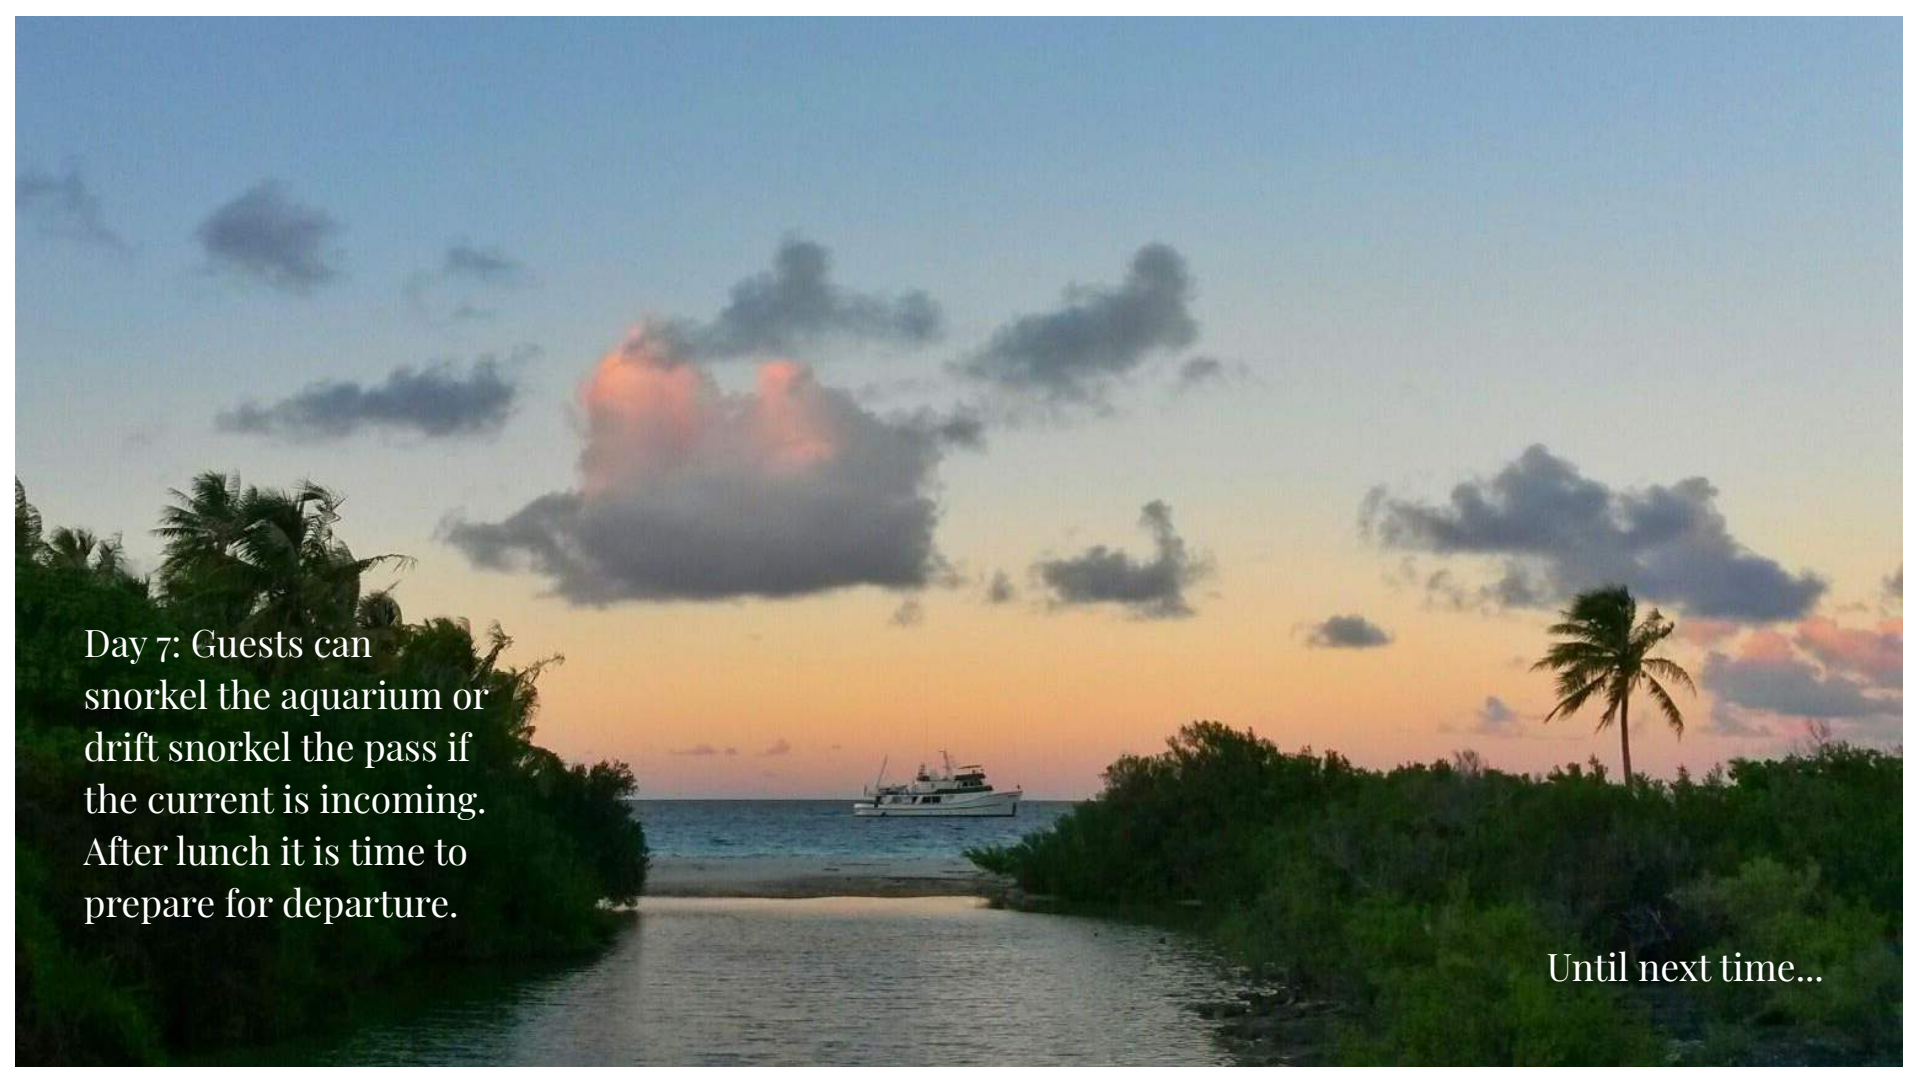

Day 4: There are two passes to drift dive in Toau. Otugi Pass is a popular spot for Manta rays. If the current is going out, wall dives are possible too. From here we have an overnight passage to Rangiroa.

Day 5: Askari will anchor close to Tiputa Pass. Beautiful clear water and a resident pod of dolphins make this reef pass a must-do. A drift dive on the incoming tide, then a cocktail on a deck at the water's edge with surfing dolphins on the outgoing current.

Day 6: Guests can explore Avatoru Pass, home of an annual surf competition in Rangiroa, or choose to do a day trip to Motu Paio or the Blue Lagoon.

A tropical sunset scene with a boat on the water and palm trees. The sky is a mix of blue, orange, and pink, with large, dark clouds. The water is calm, and the boat is in the distance. The foreground is filled with lush green vegetation and palm trees.

Day 7: Guests can snorkel the aquarium or drift snorkel the pass if the current is incoming. After lunch it is time to prepare for departure.

Until next time...
